Milan, November 22. *N. S.*

HIS Highneſs Prince Eugene of Savoy is preparing all Things for his Departure hence, in order to return to the Court of Vienna; ſeveral of his Domeſticks being already on their Way thither. There is a Fund of 500000 Livres for the Voyage of the Princeſs of Wolfembuttel; and it is ſaid a Sum of 300000 Crowns will be demanded of the Chamber of this Dutchy for the ſame Service. Count Konigſeck, who is to command the Palatine Troops deſigned for Catalonia, is arrived at this Place. Thoſe Troops, with the Imperial Forces that are to ſerve in Spain, are drawn together, and will be ready to embark at Genoa and Final towards the latter End of this Month; having already received the neceſſary Remittances from the States, which have taken them into their Pay. The Prieſts, both Regular and Secular, are very much preſs'd to bring in their Contributions which this Government hath laid on them, in conſideration of their being exempted from furniſhing Winter Quarters. Cardinal Archinto, our Archbiſhop, hath already paid his Share, as well to give a good Example to the reſt, as to ſhew his Zeal for the Intereſt of his Catholick Majeſty.

Francfort, December 1. The Deputies of the Circle of the Upper Rhine are very buſy in finding out Methods to raiſe their Proportion of Money for the ſupplying the Military Cheſt of the Empire. Letters from Vienna adviſe, That Count Illierſhaſi, Great Chancellor of Hungary, Count Alexander Berdedy, and the Sieur Samogi the Hungarian Secretary, had left the Court, in order to meet the Cardinal of Saxe-Zeits at Presbourg, who is again to propoſe an Accommodation with the Malecontents of Hungary. General Palfy, Ban of Croatia, was returned to Oedenburg, after having provided all Things neceſſary for the Defence of Schavar, and other Poſts in the Rabau. They write from Tranſilvania, That the General Baron de Tige had put ſeveral Malecontents to the Sword, and given Notice to thoſe of the Territory of Halmad, That if they any longer deferr'd making their Submiſſion to his Imperial Majeſty, they were to expect the ſame Treatment. We hear from Oedenburg, That on the 18th paſt the Sieur Berozedi had burnt the Town of Matterſdorf, belonging to Prince Eſterhaſi, Palatine of Hungary, and afterwards plundered the Villages of Perzin, Kronſtorf, and Sicklos, ſituated upon the Leytha with Stunkerbrun, and others, near the little River Wulha, having ruined the Churches of that Country, and brought away 3000 Head of Cattle. The Malecontents have committed the ſame Diſorders near St. Marguerit, where they have pillaged Iriegendorf and Croisbach, and maſſacred all thoſe who oppoſed them. We have Advice from Switzerland, That the Deputies of the Catholick Cantons were aſſembled at Luzern; but that the Reſult of their Conferences was not yet known. The ſame Advices add, That the Embaſſy which the Canton of Berne had ſent to Neufchatel had been received with very great Magnificence; and had left that Place on the 24th paſt, after having renewed the Treaties of Alliance and Combourgeoiſy with Count Metternich, the King of Pruſſia's Plenipotentiary. The Republick of Geneva hath likewiſe ſent Deputies to compliment the Count on the Succeſſion of his Maſter the King of Pruſſia to the Principality of Neufchatel. Deputies are expected there from all the Proteſtant Cantons on the ſame Occaſion.

Paris, Nov. 28. *N. S.* Yeſterday was ſpent in publick Rejoycings and Bonfires for the taking of Lerida; the Siege whereof, it is certain, the Duke of Orleans carried on at his own proper Charge; and that the laſt Campagne coſt that Prince Three Millions. The ſame Letters which brought us the good News of our Advantage there, inform us, That his Royal Highneſs and the Duke of Berwick will be here on the 8th or 10th of the next Month at fartheſt. The Baptiſm of the Prince of Aſturias was celebrated with all the Ceremony and Magnificence imaginable; and it was obſervable, That the King, Queen, Grandees, Ladies, and all Perſons who appeared at Court on that Occaſion, were dreſſed after the French Manner. There will be no further Action in Spain till the next Spring. The Duke Noailles is coming from Catalonia, and expected here very ſuddenly. The Court ſeems at preſent intent only on Pleaſure and Entertainment. There have lately been two Marriages, one of the Prince de Talemon, to the younger Siſter of the Dutcheſs Duras: The other of the Marquis de Fervac, to the Daughter of Prince Tzerclas Tilly, who is now in Spain. This Lady is the only Child of that Prince, and brings with her into the Family of her Husband the Quality of a Grandee of Spain, of which her Father diveſts himſelf in her Favour. Monſieur Catinat has received 40000 Livres for an Equipage, which makes us believe he is to be at the Head of an Army the next Campaign. Here are Deputies from Lions and Bourdeaux, who make very loud Complaints, and declare thoſe Cities unable to carry on their Trade, if they are not reliev'd from the Miſeries they lie under by the Introduction of Money-Bills: However the King's Declaration on that Subject will be put in Force; though at the ſame time, it is ſaid, the moſt hopeful Proſpect in that Expedient was the Probability of making the Trading Cities purchaſe an Exemption from it by Advancement of Money for the Neceſſities of the War.

Falmouth, Dec. 4. On the firſt Inſtant arrived here the St. George of and for London, James Osborne Commander, from Jamaica, with Sugar, Indigo, and Ginger: She parted with the Fleet five Weeks ſince in bad Weather, and hath been 14 Weeks
